Product Groups at a Glance

Machinery & Technology

- Solid woodworking • Panel Processing
- Wood based panel production Saw Milling / Veneer Peeling Machine
- Surface treatment & Finishing lines
- Tools & Accessories for Furniture Production & Woodworking
- Packaging Machines / Wrapping Machines for Furniture Manufacturers & Woodworking Industry

Materials & Supplies

- Adhesives, Chemicals & Wood Coatings
- Wood, Veneers, Parquets Flooring, Doors Decorative Surfaces, Décor Papers, Laminates, Door Skins, Edges, Composite materials etc
- Wood based panels (Plywood, Particle Board, MDF, Pre-lam Boards) and other versatile interior panels
- Embossing Cylinders, Press Plates
- Packaging Materials for Furniture Manufacturers & Woodworking Industry

Fittings, Hardware & Components

- Fittings, Locks, Built-in Parts, Hardware Systems, Lamps and lighting systems
- Semi-finished products for Cabinetry, Kitchen, Office and Modular Furniture

Industry Services

- Software • Certifying Agencies
- Training & Research Institutes
- Industry Associations
- Online business portals

WOOD IN ARCHITECTURE & DESIGN

Sustainable • Hybrid • Applications

India's only Conference on Wood in Architecture, Construction and Design

The event has covered specific construction and design topics related to wood including mass-timber products, codes and compliance, aesthetics and future technology.

Key Topics

- Overview of the Application of Wood in Construction and Design Globally
- Wood: The only Renewable and Natural Material
- Moving towards operational excellence and its relevance to the furniture industry
- Timber Construction in the Himalayas - Reviving Endangered Wooden Architecture through Regional Wood Species
- The Art of Creating Sustainability through Timelessness
- Innovative Living Solutions: Embracing Prefabricated Wooden Houses
- Pioneering Sustainable future through Timber

Speakers
